Re **Letter of recommendation to the Text to Change foundation**

**Our ref.**

KAM/S2/144/10

Dear madam/sir,

Please allow me to bring to your attention the above mentioned organisation.

The Embassy of the Kingdom of the Netherlands in Uganda has funded this organisation to implement one of their projects focused on expanding HIV prevention and uptake of HIV voluntary counseling and testing through interactive SMS messaging in Arua.

Text to Change has an innovative mobile platform that can be used to address health and other development issues to a large group of people. The Text to Change approach is a pioneering and creative way of helping developing countries reaching the Millennium Development Goals.

We have been very happy with the way Text to Change implemented this successful project and would hereby like to recommend the Text to Change foundation, a Dutch NGO based at: Reinaert de Vosstraat 13, 1055CL in Amsterdam, the Netherlands, as preferred partner for mobile phone based health, development, research or other mobile communication programs.

Please don't hesitate to contact the Embassy in case more information is needed on the funded project or the cooperation between Text to Change and the Embassy.

Yours sincerely,

Marielle Geraedts  
Head Development Cooperation
